TECHNICAL SKILLS

Frontend: Next.js, React, TypeScript, Tailwind CSS

Backend: Node.js, Prisma ORM, PostgreSQL

Tools: Git and GitHub, Vercel, Stack Auth, Resend, REST APIs

PROJECTS

4Dogs Grooming - Full-Stack Booking System

Developed an appointment system with authentication, availability validation, email notifications, and an admin dashboard. Implemented Prisma with PostgreSQL, appointment conflict detection, role-based access, and a fully responsive UI.

FlowNote - Notes and Todo Productivity App

Built a Trello-style dashboard with draggable notes, real-time todo updates, and a notebook system. Integrated Stack Auth, server actions, and automatic UI refresh for a seamless experience.

Inventory Manager - Inventory Tracking App

Created an inventory management CRUD app with low-stock alerts, activity logs, product tracking, and authentication. Designed a clean UI and a maintainable backend structure.

EDUCATION

Self-taught full-stack developer with hands-on project experience, focusing on production-grade applications and modern web frameworks.
